# WHAT MAKES GREAT WEDDING ENTERTAINMENT?

**1. EXPERIENCE IS KEY...** but not just the years behind the decks. Its the ability to mastering the art of understanding people, curating music, mixing skills and proper narration.

**2. PROFESSIONALISM...** You are only planning on getting married once, right? So, do it right! You deserve it. That means, you should be comfortable knowing you have a dedicated team of professionals who will hold your hand through all of the planning leading to the big day and of course a non-distracted team of on-site pros to handle all of your entertainment needs. (This also includes back up staff in the case of an emergency).

**3. CREATIVITY/FLEXIBILITY...** no two weddings are ever the same. From music selection/programming to choice of formalities to the narration by MC, every wedding should be custom planned with the couple's vision in mind!

Dylan and his team were absolutely amazing from the very beginning. Helping guide us through each step of the way. Our wedding could not have gone better without the help of their team. Everyone at my wedding was raving about the music and how much fun they had. Dylan was interacting with guests and the added Sax player was too notch. Playing within the crowd he was a hit! I definitely recommend xevents!!

The most talked about experience from our wedding by our guests was the Xplosive Entertainment team. We had Dylan as DJ and Jaymie as our MC. We also used a violinist, percussionist and photo booth attendant. This five-person team was unbelievable! They exceeded all of our expectations. Michael helped us pre-wedding with all of our logistics. Everything was planned out perfectly. They combined our music preferences and requests with their own style, and it came out amazing! I am literally thinking about what kind of event in the future I could plan just to use this company and team again! Book them!!

Best DJ experience imaginable

Wow! What an amazing experience from Xplosive Entertainment. I had my wedding in late May 2022, and this team was professional and exceeded all expectations. The lighting was phenomenal and fun, the emcee was energetic and welcoming, and our guests loved the photo booth. So many relatives have said that this has changed their mind about the classic "DJ vs. Band" argument after seeing what Xplosive has to offer.

To sum up, our big day was wonderful and all made possible by Xplosive Entertainment. Run, don't walk!

Jordan, Mike, Jared, and the Xplosive team brought great energy to our event, making for a memorable night for our friends and family. In particular we loved that they incorporated deeper cut musical requests alongside the popular hits, into the DJ set, to mix it up a bit and get everyone to the dancefloor. Overall good people to work with. Thanks for a great night!

The best DJ!

We had such a fabulous time at our wedding with this team! Jay kept our party going all evening long. The music selection was a huge hit and everyone kept dancing. There was a great variety of songs and genres that appealed to everyone! Our guests had the best time celebrating and couldn't stop raving about how much fun they were having. Jay was so friendly and outgoing and was extremely helpful throughout the entire planning process. The team communicated and collaborated with our venue and photographer seamlessly to make our night as special as possible.
