Bennett Andelman

I have worked with A/V companies for more than 30 years and my experience with Xplosive was among the best I have ever worked with. They are cost effective but more importantly, experts in their craft and were always a step ahead of the ask - no matter how challenging. I wouldn't hesitate to work with them again.

Brad Zell

I have worked with Xplosive on numerous events. They are highly technical, super creative, fun and extremely great to work with. They have a high attention to detail and go the extra mile to get the job done right. I highly recommend them for any event or special occasion!
